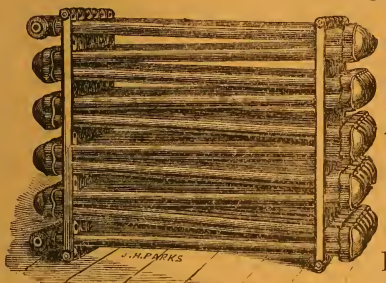
ENGINEERS,

And Manufacturers of High and Low Pressure

Steam Heating Apparatus



FOR

PUBLIC AND PRIVATE

BUILDINGS.

SPECIAL ATTENTION GIVEN TO

HEATING FACTORIES

BY

EXHAUST STEAM.

We are prepared to contract for warming and ventilating by STEAM, Public or Private buildings of any size or construction, either by DIRECT or INDIRECT radiation, high or low pressure.

By the first method we place coils or radiators in the various rooms, and convey the steam to them through mains properly run and connected. The coils can be protected, if required, with ornamental screens and marble tops.

By the second method, the coils are placed in chambers in the basement and convey the heat through flues to the different rooms above. For return circulating heating work, which is now adopted by nearly all the principal houses engaged in heating, our IMPROVED VERTICAL TUBE COIL, is the best that has been tried, it works equally well with high or low pressure, without noise, and contains more heating surface in less space, besides being highly ornamental.

For buildings in which they have been successfully used, we refer to the following:

Chief Clerk, Treasurer, Money Order and Registered Letter Department, from 8 A. M. to 4 P. M

POSTAL RULES.

Many errors occur by persons not observing the following regulations in depositing letters, papers, or miscellaneous publications in the Office for mailing.

Money should never be enclosed in an ordinary envelop.

Valuable letters should be carried to the Post Office and registered. If Money is to be remitted, a Postal Money Order should be obtained. If upon points where there is no Money Order Office, then the letter should be registered.

Direct letters plainly to the Street and Number, as well as the Post Office, County and State. By inserting upon letters the County in which the Office is located, many errors in superscription might be detected, and mistakes in mailing avoided.

Head letters with the name of the writer's Post Office and State, Street and Number. Sign them with full name, and request that answers be directed accordingly.

All drop letters, or letters to be delivered within the city, must be prepaid by Postage Stamps at the rate of 2 cents per ½ ounce or under.

Prepayment by Stamps required on all letters to places within the United States, at the rate of 3 cents per ½ ounce or under. An additional rate of three cents is required for each additional ½ ounce, or fraction thereof.

Transient newspapers and magazines, regular publications designed primarily for advertising purposes, or for free circulation, or for circulation at nominal rates, and all printed matter of the third class, except unsealed circulars, shall be admitted to, and be transmitted in the mails, at the rate of one cent for every two ounces or fractional part thereof, and one cent for each two additional ounces or fractional part thereof; and the sender of any article of the third class of mail-matter may write his or her name or address therein or on the outside thereof, with the word "From" above or preceding the same, or may write briefly or print on any package the number and names of the articles inclosed. Publishers of newspapers and periodicals may print on the wrappers of newspapers or magazines sent from the office of publication to regular subscribers the time to which subscription therefor has been paid, and addresses upon postal cards and unsealed circulars may be either written, printed, or affixed thereto, at the option of the sender.

On unsealed circulars and all mailable matter of the third class other than that designated in the aforegoing section, postage will be charged as heretofore, one cent for each ounce or fraction thereof.

Full prepayment by Stamps required on all transient printed matter, foreign and domestic.

All letters not prepaid by stamps, all such as are received in the Office with stamps cut from Stamped Envelops, or with such Postage Stamps as were in use prior to 1861, or with Revenue Stamps on them are treated as "unmailable," and are so sent to the Dead Letter Office.

Packages containing poisons, oils, explosive chemicals, liquids, or anything calculated to injure or endanger the safety of the mails, will not be received.

A letter once delivered to any one authorized to receive it, cannot be forwarded without additional postage.

CITY DELIVERY.

The public are requested to adopt the house-door letter-boxes, the use of which will result in greatly increased rapidity in the delivery of letters. Free delivery of letters by faithful Carriers will be secured by having them plainly addressed to the street and number. No necessity exists for persons calling at the office, as all may have their mail matter left at their residences regularly, without risk or charge. Four deliveries will be made daily by the Letter Carriers, beginning at 8.00 A. M., 10.30 A. M., 2.15 P. M., and 4 30 P. M.

COLLECTIONS

Are made daily from the street letter-boxes as follows: 1st. 7.00 to 8 30 A. M.; 2d, 12.00 to 1 45 P. M.; 3d, 7.00 to 8.45 P. M, except Sunday, when one collection from 4 to 8 P. M. is made. Letters are also collected and delivered at the principal hotels.

STAMPED ENVELOPS.

The attention of the public is called to the advantages of using Stamped Envelops rather than Postage Stamps. Daily, numbers of letters are dropped in the Post Office without prepayment, with Revenue Stamps, and Stamps cut from Stamped Envelops affixed, which are held for postage; whereas by the use of Stamped Envelops, these letters would go forward without delay.

Persons purchasing Stamped Envelops, of any denomination, in quantities of 500 and upwards, may have their address and request to return in a specified time printed thereon, not to exceed four lines, free of charge. The Department offers unusual inducements to the public in the sale of Stamped Envelops.
